Experience, Education & Projects

Software Engineering Fellow @ Springboard, 2021 March – 2021 December
React, Redux, JavaScript, PostgreSQL, NodeJS, Express, Python, Flask, REST APIs, Jasmine, Jest

- Learned software engineering for 30+ hours per week for 8 months.
- Built 10 projects and 2 capstone projects from scratch using web development technologies.
- Worked in groups to achieve goals for each day.
- Participated in Mintbean Hackathon collaborating with other developers to create a coloring book application.
- **Forktacular /** Github **/** Website
- **StoryPaint /** Github 1 2 **/** Website

General Manager @ Bowler Corp, 2019 – 2020

- Managed a team of 100+ Front of House and Back of House employees.
- Responsible for creating highly accountable, hospitality-focused culture that increased customer-satisfaction, drove repeat business and expanded overall brand awareness.
- Successfully lead re-launch and rebranding of location and drove core business objectives for growth and expansion of brand.

General Manager @ Fox Restaurant Concepts / Zinburger 2016 – 2019

- Directed all aspects of a $4.5M restaurant and oversaw a team of 5 managers and 80 employees.
- Consistently exceeded benchmark scores on all internal and external health audits, secret shoppers and online ratings maintaining 90% or 4.5 stars.
- Cultivated highly invested leadership profiles among the staff by performing active one-on-one coaching through daily meetings with Front of House and Back of House management.

General Manager @ Hootwinc LLC, 2010– 2016

- Led the successful launch and growth of a large-scale chain generating $4M revenue annually.
- Promoted restaurant and increased brand exposure by participating in local events including chamber of commerce events and street fairs.
- Managed all escalations and customer complaints while also assisting servers, bartenders and cooks.
